

Virtual Gateway Access Administrator and PDM Contact

Below is a listing of all of the Purchase of Service providers that are currently in the Provider Data Management System. This list also includes the names of assigned Access Administrators, any designated Provider Data Management Liaison, and the Virtual Gateway account documents that are on file with the Virtual Gateway Operations Team. Please look up your organization, ensure that all forms are completed, and confirm that the right people have user names, passwords and access to the PDM service. Keep in mind that individuals responsible for submitting Salary Reserve payroll information will need to have access. If you wish to add users for your organization, contact your Access Administrator and have him/her update the user Request Form. If you do not have an Access Administrator, please complete the required form along with any other missing forms and submit these as well. For any questions regarding the PDM deployment process, please contact the Virtual Gateway Helpdesk at 1.800.421.0938.
